Notes to Financial Statements

1. Organization and general

The Securities Investor Protection Corporation (SIPC) was created by the Securities Investor Protection Act of 1970 (SIPA), which was enacted on December 30, 1970, primarily for the purpose of providing protection to customers of its members. SIPC is a nonprofit membership corporation and shall have succession until dissolved by an Act of Congress. Its members include all persons registered as brokers or dealers under Section 15(b) of the Securities Exchange Act of 1934 except for those persons excluded under SIPA.

SIPC is exempt from income taxes under 15 U.S.C. § 78 kkk(e) of SIPA. Accordingly, no provision for income taxes is required.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

2. The "SIPC Fund" and SIPC's resources

The "SIPC Fund," as defined by SIPA, consists of cash and U.S. Government securities aggregating \$1,184,157,015.

In the event the SIPC Fund is or may reasonably appear to be insufficient for the purposes of SIPA, the Securities and Exchange Commission is authorized to make loans to SIPC and, in that connection, the Commission is authorized to issue notes or other obligations to the Secretary of the Treasury in an aggregate amount not to exceed \$1 billion. In addition, SIPC maintains a \$1 billion revolving line of credit with a consortium of banks.

3. Member assessments

For calendar year 2001 each member's assessment is \$150. Assessments received in advance will be applied to future assessments, or refunded to the member after it fulfills certain requirements.

4. Customer protection proceedings

Customer protection proceedings (proceedings) include liquidations conducted by court appointed trustees and direct payment proceedings conducted by SIPC. There are 41 proceedings in progress at December 31, 2001. Customer claims have been satisfied in 19 of these proceedings and in 22 proceedings customer claims and distributions are being processed.

Advances to trustees represent net amounts disbursed and amounts currently payable for proceedings in progress, less an allowance for possible losses.

Estimated costs to complete proceedings are accrued based upon the costs of completed cases of comparable size and complexity and other costs that can be reasonably estimated. Recoveries are estimated based upon the expected disposition of the debtors' estates.

SIPC and Trustees appointed under SIPA are subject to legal claims arising out of the proceedings and there are certain legal claims pending seeking coverage under SIPA. These claims are considered in determining estimated costs to complete proceedings and management believes that any liabilities or settlements arising from these claims will not have a material effect on SIPC's net assets.

SIPC has advanced \$266.2 million for proceedings in progress (including direct payment proceedings of \$.6 million) to carry out its statutory obligation to satisfy customer claims and to pay administration expenses. Of this amount, \$250.2 million is not expected to be recovered.

The following table summarizes transactions during the year that results from these proceedings:

	Customer Protection Proceedings	
	Advances to trustees, less allowance for possible losses	Estimated costs to complete
Balance, beginning of year	\$ 1,600,000	\$ 58,900,000
Add:		
Provision for current year recoveries	90,500,000	
Provision for estimated future recoveries	16,000,000	
Provision for estimated costs to complete proceedings		217,700,000
Less:		
Recoveries	92,100,000	
Advances to trustees		213,800,000
Balance, at year end	\$16,000,000	\$ 62,800,000

Customer payments and related expenses of direct payment proceedings are recorded as expenses as they are incurred.

Legal and accounting fees include fees and expenses of litigation related to proceedings.

These financial statements do not include accountability for assets and liabilities of members being liquidated by SIPC as Trustee. Such accountability is reflected in reports required to be filed with the courts having jurisdiction.

5. Commitments

Future minimum annual rentals for office space under a ten-year lease effective September 1, 1995, at the rate of \$410,136 for the first five years and \$437,628 thereafter, total \$1,604,636. Additional rental based on increases in operating expenses, including real estate taxes, and in the Consumer Price Index, is required by the lease.

On March 31, 1999, SIPC entered into a \$1 billion credit agreement with a consortium of banks, consisting of (i) a \$250 million 364-day revolving credit facility with a commitment fee of .09% per year, and (ii) a \$750 million 5-year revolving credit facility at .11% per year. Effective March 31, 2000, this agreement was amended to extend the \$1 billion facilities forward one year with the same commitment fee rates.

On March 29, 2001, SIPC entered into a new \$250 million 364-day revolving credit facility with a consortium of banks that requires SIPC to pay a commitment fee of 0.09% per year. This facility was renewed on March 28, 2002 with the same commitment fee rate.

6. Fair value of securities

Fair value of U.S. Government securities is based on the Federal Reserve Bank of New York bid quote as of December 31, 2001.

U.S. Government securities as of December 31, 2001, included gross unrealized gains of \$59,670,712 and gross unrealized losses of \$1,392,760.

7. Reconciliation of decrease in net assets with net cash used in operating activities:

Decrease in payables	(595,247)
Other reconciling items	101,489

8. Pensions and Other Postretirement Benefits

SIPC has a noncontributory defined benefit plan and a contributory defined contribution plan which cover all employees. SIPC also has two defined benefit postretirement plans that cover all employees. One plan provides medical and dental insurance benefits and the other provides life insurance benefits. The postretirement health care plan is contributory, with retiree contributions adjusted

annually to reflect changes in gross premiums; the life insurance plan is noncontributory.

Information regarding these plans is provided in accordance with the Financial Accounting Standards Board Statement No. 132, *Employers' Disclosure about Pensions and Other Postretirement Benefits*.
